In this interface represent **Login interface page**

The screenshot shows a web browser window with the address bar displaying 'localhost:3001'. The browser's tab bar includes 'maths Answer Script 2019-.pdf', 'IS1204-MATHEMATICAL METHO...', 'Lecture 7 - Li-Fl.pdf', 'Social App', and 'Surge Global Assignment - Inter...'. The page features the 'Surge Global' logo in blue, followed by the text 'Connect with friends and the world around you on Surge Global.' To the right, a white login form contains an 'Email' input field, a 'Password' input field, a blue 'Log In' button, a blue link for 'Forgot Password?', and a green 'Create a New Account' button. The Windows taskbar at the bottom shows the search bar, task view icon, and several application icons, with the system clock indicating 2:45 AM on 1/28/2023.

In this interface represent **Register interface page**

The screenshot shows the same web browser window as the login page, but the form is for registration. It includes the 'Surge Global' logo and the same introductory text. The registration form on the right contains four input fields: 'Username', 'Email', 'Password', and 'Password Again'. Below these fields are a blue 'Sign Up' button and a green 'Log into Account' button. The browser's tab bar and Windows taskbar are identical to the previous screenshot.

Note: In these days, I'm facing my end semester final exam . I had to limited time to concentrate this assignment. When code this, I have to faced error in React-Router-Dom version 6 . So I tried to fix it but time is gone over. So you can see this all pages bellow way,

If you want to see Home page, In App.js

```
function App() {  
  return <Home/>;  
}  
  
export default App;  
edit like this
```

If you want to see profile page, In App.js

```
function App() {  
  return <Profile/>;  
}  
  
export default App;  
edit like this
```
